REFORESTATION NOT PRACTICAL IN CALIFORNIA

Dr. Bayless Says Conservation Advisable—Trees Planted Do Not Live

GUESTS AT LABOR CAMP

Plan of State Cutting Conservation Appropriation Called Unwise

Conservation of our present forests, and not reforestation, is what is essential in the mountains of this territory, said Dr. J. N. Bayless of San Bernardino, president of the county board of forestry, to members of the Upland Rotary club when they were guests at the unemployment camp Tuesday evening. Dr. Bayless has long been regarded as an authority on conservation problems in this state and he does not agree with President Roosevelt that reforestation should be attempted in the local area. This has been tried here years ago and the trees do not live, owing to the lack of rain so great a portion of the year. While reforestation is possible in other parts of the United States, conservation of what we already have is the wise plan in Southern California. G. A. Hanson of Upland, who is also a member of the county forestry board, agrees with the idea of Dr. Bayless, as does also Herbert Gilman, member of the state forestry board, who was also a guest at the local camp Tuesday evening.

It is hoped the Upland camp will be continued when President Roosevelt's plan is put in operation. Both these visitors expressed strong opposition to the plan presented in the state legislature to reduce the California conservation apportionment from $534,000, the amount appropriated in 1932, to $100,000 for the present year, stating that practically nothing could be accomplished with the latter amount of money. Both remarked as to the unfairness of four members of the state forestry board being in that section of the state north of the Tehachapis, while only one, Mr. Gilman, is allotted to serve all territory south of those mountains. We believe Dr. Bayless is the father of the idea of firebreaks as a measure of preventing and stopping mountain conflagrations.

C. A. Correl, district ranger in charge of the Cajon labor camp, informed the group present that the four camps in Southern California have capacity to care for 850 men, but that about 750 has been the largest number in them at any one time. Of a total of 1,678 men registered in these camps 552 were still in camp. Only 18 per cent of the men registered are residents of California, the remaining 82 per cent coming from other states, some from the extreme east. About 25 per cent show a willingness and ambition to work, further stated Mr. Correl. The extremes in age range from 16 to 65 years, most of the men being from 18 to 25 years old.

Del Rosa is the base of supplies for eight camps, a large warehouse there being used as commissary headquarters. Food is assembled there and hauled by truck to the various camps, supplies coming to the Upland camp twice each week. The state also operates a large bakery there to supply bread for the camps.

Ranger Fred Ward, who is in charge of the local camp during the absence of Ranger Dell Faucett, who is on his vacation, stated men in this camp have constructed about 20 miles of firebreak and two miles of road since the work was begun the latter part of December. He thanked the Upland people for the generous manner in which they have supplied the camp with many articles to contribute to the comfort and pleasure of the men.

Russell Smith, one of the state forestry men, stated all communities where camps are located have been very kind and generous to the men, Uplanders being especially so.

F. H. Manker, Rotarian in charge of the meeting, stated there had been a marked decrease in the police station records since the camp was opened here. He also stated that the generous and well prepared meal served the group was the same as served the members of the camp that evening, the cost for feeding the men in that generous way being only about 23 cents per man per day.

"Prof." Ludwig, one of the unemployed in camp, rendered several numbers on the piano that brought much applause, as did also a vocal solo by one of the camp members.

Rotarians appreciated the courtesy of visiting the camp, being conducted through it, and the excellent meal—and it was one of the most novel and interesting meetings the club has ever had.

News to Give School Vote Results

The Upland News will give the result of the Chaffey board of education election to all persons inquiring through telephone Upland 29 after 8 o'clock tonight.

Voters throughout the Chaffey district have a part in deciding the outcome and just as the polls close at 7 p. m. The News will begin its unofficial tabulation of results from the various polling places. Some idea of the outcome is expected to be obtainable within an hour after the polls close.

Phone tonight and get the result of the ballot count.

Ballot Now Polls Close at 7

While general interest appears to be lacking, much concern was being shown today by many persons in the outcome of the annual school election being held today. Polls close at 7 p. m., and local persons not as yet voting are given this notice that time still remains to go to the Upland junior high school and cast ballots.

The only contest as far as Upland voters are concerned is between the three candidates for the two positions on the Chaffey board of education. Dr. A. L. Weber and H. S. Barbee, incumbents, and H. I. DeBerard are the candidates. Clyde DuVall, incumbent, is the only candidate for the Upland board of education vacancy.

Dr. Weber and Mr. Barbee have pledged their efforts in securing an additional $100,000 cut in Chaffey expenses for the next school year and The News feels their record on the board entitles them to re-election and will mean still further economies to the taxpayers of the district.

Balloting was slow throughout the entire Chaffey district, but the final hours of voting may swell considerably the total number of ballots cast. All persons registered for the national elections last November, and persons registering 30 days prior to today are eligible to participate in the general election.

DUSTING MACHINES AFTER CITRUS PEST

Thrip Eradication Object of Intensive Night Work in District

Hundreds of acres of citrus groves are being dusted now for the pest thrip, about 10 dusting machines being in the district, working at night. Each machine dusts approximately 50 acres a night.

Sulphur dust is blown from the machines onto the trees and the work is done at night when the air is calm and when there is no sunlight. In the program of combating the work of the thrip three applications of the spray dust will be made, the current work being the first application, with two more to be made before May 1, according to J. Fred Anderson, local horticultural inspector. The three dustings will cost approximately $75 per 10 acres.

In recent years, thrip has been quite damaging to local citrus, the pest marring the skin of the fruit. When thrip-marked, the selling quality of the fruit is greatly effected.

W.R.C. Federation To Meet Monday, April 3

The meeting will be held at 9 o'clock in the morning at the home of Mrs. Leon Durham, 1124 Euclid avenue, and since it is a very important session, a full attendance of the membership is urged.

P.-T. A. Press Books To Be Judged Monday

A conference of publicity chairmen of the Fifth district, P.-T. A., has been called by Mrs. E. W. Parks of Ontario, district publicity chairman, and will be held Monday at her home, 628 North Euclid avenue, Ontario.

Tilton of San Bernardino, assistant manager of the Parent-Teacher magazine; Mrs. Fred Arth, of Redlands, district president; Mrs. Carter Harrison, of Colton; Mrs. Roy Robertson, of Redlands; Mrs. T. A. Chipps, of San Bernardino, and Mrs. L. M. Corn, of Ontario.

Miss Pierce is making a very satisfactory recovery from the operation.

OLYMPIC CEREMONY WILL BE USED IN TRACK MEET HERE

Chaffey Invitational Event Will Be Patterned After Tenth Olympiad

25 SCHOOLS ARE COMING

Atmosphere of Los Angeles Event Created for Contest April 8

Patterned in formality after the Olympic games, the eighth annual Chaffey Invitational track and field meet will be held on Graber field a week from tomorrow, with one of the greatest gatherings of athletes ever assembled in Southern California.

Growing in importance each year, the 1933 meet will present a touch of the Olympic games' ceremony as seen in Los Angeles last summer.

At 9:30 a. m. April 8, the program will be started and immediately after the impressive ceremonies, the races and field events will get under way, with Principal Ernest W. Fischer in general charge of arrangements.

Twenty-five schools have entered teams, with the battle for the cup likely to center between El Centro, South Pasadena, Chaffey and Santa Ana. A huge trophy, presented by C. C. Graber, will go to the school winning the meet. A plaque will be awarded to the high point individual, while the school entering the most point winners will get a silver loving cup. Individual medals will be given to winners of the various meets.

All of these awards will be given to the schools and individuals from a stand to be erected directly in front of the bleachers. Officials will wear uniforms. In the background will be an Olympic cottage, a possession of the school.

In other words, the entire program will be a miniature reproduction of the Olympic games, but instead of there being different nations, there will be schools battling for the prizes.

In general the morning program will see the preliminary events and novice competitions. A novice is a boy in his first or second semester of a three-year high school or in the first, second, third or fourth semester of a four-year high school, who on Jan. 1 had never earned a point in an open track meet.

The afternoon program, starting at 1:30, will see the finals of the open meet. These final events and the presentation of awards will be the principal events of interest.

Chaffey's aggregation of track and field stars are given a strong chance of winning the meet, although El Centro is ranking among the leaders for its performance in winning the Southern Counties meet at Huntington Beach recently, with a four boy team. El Centro won six first places and defeated Chaffey by one-half a point in that meet.

Fannie Noe P.-T. A. To Elect Officers on Wednesday, April 5

Because the regular time of meeting comes during the week of the Easter vacation, the meeting of the Fannie D. Noe P.-T. A. has been set back one week and will be held next Wednesday afternoon, April 5.

Members of the association are urged to bear in mind the change in time and to attend the meeting which is a very important one, since the annual election of officers is to be held. The nominating committee, recently named, includes Mrs. H. J. Stickney, chairman; Mrs. Donald Meredith and Miss Ella Schmidt.

A second reason for urging a large attendance at Wednesday's meeting is the importance of the program to be presented, the W. C. T. U. being in charge.

Reyes Sentenced to Prison for Life

Benita Reyes, Cucamonga, who was recently found guilty by a jury of first degree murder, was yesterday sentenced to life imprisonment by Judge F. A. Leonard.

A motion for a new trial was denied, but the Cucamongan's attorneys made an oral notice of appeal. Reyes is charged with killing a fellow countryman last December.

UPLAND BUSINESS STEADILY GAINING IS REPORT TODAY

Postal Receipts, Comments Are Basis for Statement of New Hope

MAIL VOLUME INCREASES

One Local Concern Reports That March Best Month in Its History

Business in Upland is better. Optimism is more widespread. People are looking to the future with new hope.

These statements are justified today on the basis of receipts at the Upland post office and by a study of local conditions among business people.

In spite of higher postal rates now than a year ago, the local post office is experiencing a steady increase in the number of letters, parcels and cards, L. N. Kirk, postmaster, said today. The first quarter of the year will end tonight, with figures showing an increase over recent months. Number of stamps sold and parcels handled is looked upon as an accurate indicator of the trend in financial affairs here. Although unable to give definte figures today, Mr. Kirk said the receipts were such as to justify the statement that business conditions are improving.

Comments from local business firms are also to the effect that people are buying more normally and that more interest is being shown in the purchase of household appliances and furnishings. One concern, being under its present management for nearly a year, reported that this month will be the best in its history.

Reports from concerns bringing goods from the wholesale markets to Upland are to the effect that March has seen a noticeable increase in business.

Another indication of activity is seen in the reports of the city building department. Building permits this month total $3025, made up principally of repair jobs, alterations and the like.

Eighteenth Street P.-T. A. Will Hold Party on Tuesday

At a meeting of the executive board of the Eighteenth Street P.-T. A. held Thursday afternoon at the school building, plans were made for a special social event, a program and jig-saw puzzle party, to be held during the regular meeting of the association next Tuesday, April 4. During the party refreshments will be served.

The meeting will open at 2:30 and the feature of the business session will be the annual election of officers.

All members and friends of the P.-T. A. are cordially invited to attend the meeting.

Charter Member of Masonic Lodge Is Killed in Accident

As the result of injuries sustained in an automobile accident in Pomona last Saturday, Henry P. Hussey of Ontario, who was well known in Upland, died Wednesday night in the Pomona Valley hospital.

Mr. Hussey, who was a painter, had lived in Ontario for 25 years, coming there from Chicago, and during that time he made many friends in Upland. He was a charter member of the Upland Masonic lodge.

Funeral arrangements have not yet been announced.

20-30 Group Goes to Riverside Meet

Joseph Scott Will Speak Thursday

"Values" is to be the subject of Joseph Scott, Los Angeles attorney and prominent in political circles, in an address in the Chaffey junior college auditorium at 8 p. m. next Thursday. His address is the fourth in the series of lectures planned by Chaffey leaders.

To bring to the attention of local people modern day problems and issues, was the purpose in planning the series of addresses and the appearance here of Mr. Scott is described as a fitting climax to the program.

Among Mr. Scott's list of honors and distinctive services is the nomination speech he delivered in presenting Herbert Hoover as the Republican presidential candidate in the Chicago G. O. P. convention last summer. For many years Mr. Scott has been vitally concerned in the affairs of the southland, serving on the Los Angeles board of education and the chamber of commerce board.

Those in touch with Mr. Scott's coming here predict that his address will be one of the most helpful and inspiring in the series. Other speakers here were Manchester Boddy on "Technocracy"; Dr. Frank Hart, on "The Price of Civic Complacency," and Dr. Tully C. Knoles, who spoke at the golden anniversary celebration of Chaffey high school.

TWO LOCAL FIRMS GET NEW LOCATIONS

Rogers Grocery and Sawyer's Service Station Will Make Changes This Week

Changes in the location of two local concerns and the extending of its service by another firm will be realized this week-end.

Don Sawyer, who has been located at the service station at the corner of Third avenue and Ninth street, will tomorrow open a new service station at 114 Second avenue. This location has been unused for business for many years and his occupancy there will bring with it new activity to that portion on that street.

The Engel-Reinhold Co., local Ford dealers, will extend their services to include the service station being vacated by Mr. Sawyer. The company purchased Mr. Sawyer's lease on the property.

Rogers' market, for years located at the corner of Second avenue and Ninth street, will open for business Monday morning in his new location, 264 Second avenue, this location being further north on Second avenue.

Mrs. James S. Gundy Dies; Funeral Will Be Held Saturday

She was a native of Wilmington, Pa., and was 74 years old. She had lived in California for 34 years, coming to the Upland district 16 years ago and becoming well known both in Upland and in Ontario. She was a member of the Upland Methodist church and of the Woman's Christian Temperance Union.

Mrs. Gundy is survived by her husband and by her two sons, Alton C. Gundy of Pomona and Arthur G. Gundy of Wilmington, Calif.; also a sister, Mrs. Jennie Ferguson.

Spring Practices What He Preaches

Gardiner W. Spring, Chaffey junior college president, practices what he preaches.

He has been asked to speak on "Economies in Secondary Education" at the annual principals' convention in San Jose next month. He has prepared the address. Rather than cause the local school district expense in going to the conclave, he is going to send the address to the gathering, where it will be read by a clerk there.

The same address, however, will be delivered in person by Mr. Spring when another principals' convention will be held in Redlands, May 12 and 13.

FIRE ALARMS FEW, BUT MEN ARE READY

Feb. 21 Last Engine Run and No Loss in City by Flames Since Nov. 26

Days come and go, weeks are recorded and months pass—without any loss from fire in Upland. It has been more than a month since a fire alarm has been sent to the Upland fire department. On Feb. 21, the fire engine made a run, but it was returned in about five minutes.

Back to Nov. 26, one must go to find in the records a report of a loss and in that case, the damage was very slight. The Upland cafe building was the scene of a small fire disturbance which was subdued in a few minutes.

Always on the job, however, for any call, is the department equipment and a driver. The volunteer firemen are also about town ready to respond when needed.

Mrs. H. H. Hillhouse has returned to her home in Long Beach after being a guest of Mr. and Mrs. Lacey Handley at their home at 438 East Arrow highway. Mrs. Hillhouse came to Upland soon after the earthquake.

NATIONS PREPARE FOR WAR AS U.S. LEADS PEACE MOVE

Rev. Hirschel Griffin Discusses National Defense in Address

THREE CLUBS ASSEMBLE

Speaker Cites Comparison Between Armies of World and Low Cost Here

America's leadership in a movement for permanent peace has so far been fruitless and while this nation has sought to make a world brotherhood, through example, other countries have made their armies the greatest war machines in history.

Rev. Herschel Griffin presented a verbal picture of the world's armies and related the peace efforts in an address on naitonal defense at the meeting of the men's service clubs in the Upland Woman's clubhouse last night. The peace that the soldiers of the World war dreamed of must come through some other way, he said, but as yet the other nations have failed to back up their promises to disarm.

With the rank of a major in the reserves, Rev. Griffin declared that an army man does not want war. On the basis of how the nations have responded to past efforts for peace, he left the suggestion, however, that war is likely.

After pointing out that 15 per cent of France's population and 14 per cent of Italy's population are in their armies and that the European nations have more men under arms now than in any other peace time, he emphasized that this nation's actual cost of maintaining its present defense is only 10 cents per capita per week.

Rev. Griffin listed the countries and the size of their armies as follows: England, 380,000; France, 580,000; Italy, 390,000; Japan, 300,000; Roumania, 250,000, and the United States, 137,000.

By treaty, the speaker said, the nations have agreed to limit their armies, with the record size armies the result. In a disarmament agreement, America scrapped millions of dollars worth of ships. European countries scrapped blue prints, he declared. Since 1922, 153 submarines have been built, he said, the United States making only three. In 10 years, 154 destroyers have been constructed, none by the U. S.

At this point, Rev. Griffin turned to this country's military costs. To maintain the present army and navy the cost is approximately $7,000,000 annually, or 10 cents per capita per week. Debts and pensions for past conflicts, however, take nearly three-fourths of every dollar going to the federal government, the speaker said.

Rev. Griffin's address climaxed an enjoyable program at the fourth annual joint meeting of the Rotary, Lions and 20-30 clubs. John W. Shepperson, president of the Rotary, the host club, presided. Don E. Palmer, chairman of that club's program committee, introduced the speaker. President Norman S. Lawson of the Lions club and President Marvin Francisco of the 20-30 club were introduced and for a few minutes presided.

Wives and friends of the club members were guests.

Bringing much enjoyment to the group was the musical program presented under the direction of Archie L. Moore. Mr. Moore, Miss Phyllis Moore and Mr. and Mrs. Cartwright Hunter of Claremont formed a quartet that appeared in several selecions.

Mr. and Mrs. Hunter were soloists on the Pomona College Glee clubs during their scholastic years and are now members of the Presbyterian church choir here. Mrs. Earl H. Johnson was accompanist.

Nearly 150 persons were present. Dinner was served by the Upland Woman's club with Mrs. Richard G. Manley in charge of the arrangements.

Mr. and Mrs. W. H. Spicer of West Fifteenth street went to Long Beach several days ago and expect to remain there for a few weeks.

Mostly a Difference of Personality

The difference between the failure of ex-President Hoover in putting over his program and the success of President Roosevelt seems to be mostly a matter of personality. Hoover attempted to do most of the things which Roosevelt is now accomplishing, but failed to get the support the new President has secured. Where Roosevelt gets approval and success for his efforts, Hoover aroused opposition and failure was the result. With President Roosevelt's success it becomes more apparent as time passes that he Democratic President has stolen Republican "thunder" and is putting across the very things the Republican President could not put over.

The Beverly Hills Citizen in an editorial under the heading, "Roosevelt Knows His Publicity," makes the following interesting and truthful comment:

President Roosevelt has made a hit with the people. He has done it by understanding the crowd. First and foremost, he immediately saw to it that the proper communication lines were established to the people. The first and simplest communication line was the Washington newspaper correspondents. Hoover had estranged the press. Roosevelt immediately capitalized it. He called in "the boys of the press" his first day in office and told them of the "new deal," which was that there would be press conferences daily and that they would be "open covenants openly arrived at." The newspaper boys who had been cooling their shins at the presidential door through the Coolidge and Hoover administrations found themselves suddenly at home in precincts which had been held sacred from them. Newspaper boys are quick to appreciate sources of news before denied them; they are particularly interested when a "human guy" invites them in and instead of trying to hold the news away from them assists them in getting it at the fountain head itself. From his first day Roosevelt has been "properly translated" to the public.

Instead of ignoring the radio until he was forced to grab it up in desperation, Roosevelt went upon the radio at once. He was "taking the people into his confidence." If there is anything the people like it is to be confided in.

Over the radio Roosevelt does not drone his message as Hoover was wont to do whenever he attempted the use of the radio. He clouds no "issues" with statistics. Roosevelt makes it short and snappy and makes use of simple words and direct statement. Suddenly things which Hoover had been telling us for months were accepted as suddenly found new truths.

Roosevelt found the banks closed when he came into office. There was nothing for him to do but to see they got opened. He employed the same agency for re-opening them that Hoover had used to sustain them as they faltered and failed during the last months of his administration. Hoover set up the R. F. C. and embarrassed banks went to it with their frozen assets and were lent money by the government to be paid back when the frozen assets thawed out. Hoover was roasted to a turn by the Democrats for "helping the big banks and corporations" with the R. F. C. President Roosevelt issues two billions worth of money on the same bank security and is a demigod. Roosevelt is praised for "opening the banks," but when Hoover did the same thing to "save the banks" he was "playing with the big fellows."

Hoover for months emphasized the necessity of balancing the budget. To balance it he advised that the veterans' pensions would have to be cut to those soldiers who actually saw service. He vetoed the bonus bill sent up to him by a Democratic house and a senate coalition of Republicans, Democrats and mugwumps. Hoover was execrated as "an enemy of the American Legion." He was loaded up with the "infamy" of "killing American soldiers" when a Coxey army marching to Washington to force the bonus got into an alltercation with the authorities.

Roosevelt takes office and the first thing he does is to force through his Democratic congress his economy bill which cuts down veterans' relief $400,000,000. Roosevelt is already hailed as a "great president," and he is being a "great president" largely because he is doing the same things that Hoover tried to do and which a Democratic party insisted he should not do and defeated him for attempting to do.

Thus far the "newspaper boys" in Washington and President Roosevelt's values of people instead of things afford the answer in large measure for the applause given Roosevelt for doing the same things Hoover did or tried to do. Roosevelt knows how; Hoover did not; the difference in a few outward characteristics having nothing to do with the mental processes which brought the same answer to the same conditions.

What does the average man read? Attempting to answer this question, the American Newspaper Publishers' association canvassed the reading habits of a representative group. The results indicated that men average forty-five minutes a day reading newspapers, twenty-five minutes a day on magazines and one-half of the men average less than one book a month. In other words, men spend twice as much time on magazines as on books and five times as much on newspapers. This ought to be interesting to those who advertise.

"War—what is it, after all: the people get but widows, taxes, wooden legs and debts!" exclaims a middle west paper. And doesn't that just about sum it up correctly? That's the result after many lives have been lost, millions crippled and maimed and broken in health and still more millions left to sorrow because of those loved ones lost.

Other Editors' Ideas

Not So Bad

LaMesa Scout: Scanning the record of public events since March 4, Republicans have no reason to regret their politics. It was Republicans, not Democrats, who elected Roosevelt and Garner. Also it was Republican members of Congress, not Democrats, who have thus far backed up the President and enabled him to get what he wanted.

When it came to the question of conferring dictatorial powers on the President to enable him to carry out a real reform of public expenditure a lot of Democrats protested and refused to perform. They are of the old school that believes that to the victors belong the spoils and that a public office is a good deal of a private graft. They are under obligations to office hungry constituents and want the chance to pay their political debts, and hence reductions in governmental expenditures are not to their taste. Seven train loads of Tammany statesmen, most of them wearing plug hats, attended the inaugural ceremonies in Washington, and they don't make such trips for recreation or health.

Therefore it is in order to think of Mr. Roosevelt as not a partisan president. He was elected by independents and progressives of both parties, although nominated by one only. Also he is obtaining his support in putting over his proposed policies by congressmen and senators of both parties. To the extent to which he manifests his independence of and hostility to the Tammany elements in his own party and to fairly deserve and obtain the support of the liberals in both parties, will depend the success of his administration.

A 10-Cent Meal

Claremont Courier: Walking down Main street, Los Angeles, at meal time, I met a friend and we got to discussing cost of living. Finally he asked if I knew a complete 10-cent meal was available on that street. To prove it he suggested we go into the nearest restaurant. The food was in sight behind a screen. This is what I got for 10 cents: soup, halibut, mashed potatoes, cold slaw, spaghetti, bread, butter, coffee, dessert. The meal was palatable and plenty. Fifty to 100 were eating at tables at the time and very few looked like bums. Many were well dressed; a number were women.

I talked to the cashier, a well-dressed, fine-looking man. He said the company had seven such restaurants and all were making money. They were not run for charity but to serve those who had little money to live on.

Not Proud of Beer Victory

San Bernardino Sun: Arthur Brisbane writes: "That men up to their necks in depression, with the world topsy-turvy, should concentrate heart, mind and soul on a glass of beer, shows how much they amount to."

And we thought that we had noticed during months past a hundred or two columns of editorials and a thousand or two columns of propaganda in behalf of beer in the Hearst-Brisbane newspapers. Now that Mr. Brisbane is about to get his beer he doesn't seem to be very proud of it.

Took Poor Advice

Perris Progress: They used to tell the farmer that if he wouldn't ride around so much in his automobile but would stay at home and tend his crops, he would be better off. Well, he took the advice, and then he raised such a surplus that he ruined himself.

Thrift Shop Truck To Operate Again; Call for Clothing

Beginning tomorrow, the Community Thrift shop on East Ninth street will again operate its truck for the collection of any articles of clothing, shoes, old magazines, papers, etc., that may be given to the shop, it was announced today by Mrs. W. J. McCloskey.

There is practically no article that the shop cannot make use of in some way, and all articles of clothing always are welcome.

The shop has calls every day for wearable clothing from people who can afford to pay only very small amounts for the things they must have to wear, and yet do not like to go to the welfare committee for gifts. They want to pay something, or to exchange something for what they need and the Community Thrift shop is a boon to many of them.

A call to the shop, telephone Upland 772-J, will bring the truck for any collection of discarded articles.

Our City

On March 1, the city water department had as a reserve or "surplus" in local banks $17,250.81. This money and additional net income during the year will be expended as follows:

On April 1, $5,967.50 will be paid as interest; on Oct. 1, $7,000 will be paid as principal and $5,582.50 as interest. These payments are in connection with the $224,000 in bonds voted by the people to purchase the system. The Oct. 1st payment is the first to be made on the principal. Out of the proceeds of the department, principal, interest and depreciation payments are made.

The present net rate is $1.20 and the department could not be operated with a minimum rate of $1, according to Richard G. Manley, city service manager. These points on the water department are given in answer to an inquiry to The News.

Average monthly income to the city water department is $4,100, with about 1,600 connections bringing in this revenue.

Wild Flowers Bloom in Block Long Garden on San Antonio

Like the old-time favorite picture, "A Yard of Roses," multiplied many times, a quarter of a mile of wild flowers are blooming on San Antonio avenue and make a charming living picture that all who pass may enjoy.

This strip of wild flowers reaches the length of the block from the home of Mr. and Mrs. W. F. Goodban, above Arrow highway, northward to Eleventh street, and was planted last year by Mrs. Goodban.

This year the garden has seeded itself and the strip of parking, several feet in width, is a mass of color. Literally dozens of varieties of plants and flowers are growing there in their wild state. Tall, flamboyant stalks flaunting their richly colored blossoms, and dainty, timid little plants hiding their pastel colors behind the rocks or beneath sheltering leaves of neighboring plants.

Gaily flouting all rules of domestic gardening, the wild flowers come up and bloom wherever they please. They carpet the level stretches, run riot over the rock gardens and even venture over into the Goodban orange grove. And why shouldn't they wander out into the open spaces? Aren't they wild, just in from the "wash," the desert and the mountains?

Making no effort to cultivate this garden strip, Mrs. Goodban merely scattered a few packages of seeds and is now enjoying the results of her sowing.

At each end of the long strip are rock gardens, well colored rocks from the mountains being used, and in one of these rocky plots is a cactus bed containing nearly two score of varieties of cacti.

A few of the many flowers growing in the garden are the phacelia (wild heliotrope), two or three varieties of the blue and purple Gilia, the yellow, poppy-like mentzelia (morning star), the golden California poppy, the well-known lupin, prim little tidy tips, dainty and very lovely baby blue eyes that seem so eager for a peek at this old world that they open their round blue blossoms as soon as the little plants have lifted their heads from their earthen bed, and ever so many other pretty blossoms and ferns.

Mrs. Goodban knows the botanical name of every one of her flowers and is familiar with their habits. She says the only care they have required this year was about two hours of weeding. They have been irrigated but one time.

There are many barren parkways along the streets in the citrus districts that could be made to blossom even as the Goodban garden is doing, with very little effort and an expense of only a few cents and many such colorful gardens would be a unique and pleasing attraction for local residents as well as visitors.

Mother of Upland's Most Famous Athlete Shys at Talk About Son

Dave Meek comes by his athletic skill rightfully, his father having been a runner of unusual records during his scholastic days. And apparently he comes by his modesty rightfully.

In an interview this week, Mrr. H. C. Meek, mother of the Uplander who is destined for a lasting place in the University of California hall of athletic fame, persistently talked about other persons and athletics in general rather than her family.

The H. C. Meek family receives daily the University of California student paper and Mrs. Meek knows well the names of the Bear athletes. The most recent paper received carried a story which started something like this: "And another name has been added to the hall of fame." The name was Dave Meek, the story being about the U. of C.-U. C. L. A. dual track meet Saturday.

Only six athletes in nearly 50 fears of U. of C. competition have won three letters for varsity competition in one year, Dave being included in the group following his performance in the shot put Saturday.

This fact and Dave's long list of athletic honors were apparently far from the thoughts of the mother as she talked for publication about other fellow sophomores at Berkeley, about Nelson Grey, Stanford star and an Uplander, and asked questions about this and that in the community.

"Some mothers are very much concerned about their sons being hurt when playing football," was a remark addressed to her.

She replied--"Yes, there is an element of chance in getting seriously hurt,—but there is in everything." She was sitting on a davenport in the Meek home on Eleventh street. She stroked her head with her left hand, brushing her hair. "But my goodness, when I see the men clearing the land of rocks for citrus planting, I think how dangerous it is, handling those big boulders."

As all mothers do, so does Mrs. Meek closely follow the records of her son. On a table were copies of newspapers. A passing glance revealed that the sporting sections had been perused. Around the room were pictures of the Meek family with Dave being seen in various poses.

"Yes, you can say that Dave came by his athletic tendency rightfully because his father was a runner," the mother continued. "He has always played in everything that came along even when he was in the grammar school. There was a bunch of boys like Otto Gottwald . . . , well, I can't think of any others now . . . . who were on all the teams. They had such a good time together.

She suggested that "Pop" Kegley be seen about his first track team at Chaffey. She told about Boone, of Redlands, son of Capt. C. J. Boone of the state highway patrol, who played football for the Bears last fall and who was a star in high school. C. R. "Brick" Morse, one of the other athletes winning three letters in a year, is a newspaper writer in the Bay district. She went on about other persons and incidents.

In other words, the fame of her son is to her just an incident. She is proud of it, but she prefers to let others do the talking.

On entering U. of C. two years ago, Dave planned to specialize in physical education and coaching. Mrs. Meek believes he still continues plans along that line.

At least he is getting a complete practical lesson in athletics, having played end on the football team and center on the basketball team and he heaves the shot put, and high jumps in track.

"He is handicapped in athletics some because of the conflicting seasons," Mrs. Meek explained. "You see the basketball team started practicing late last fall while football was still on. And then the basketball season didn't close until after the track men had been ou for some time." time."

"White Tops" to Appear April 11

It's circus season again.

The Al G. Barnes circus will be in Ontario April 11, with the big tents spread at East A street and Allyn avenue. More than 2000 performers take part in this season's circus. They hail from 18 foreign countries, almost every nation having contributed a star.

This season a gorgeous, fantasic spectacle, "The Pageant of Gold," and the processional fiesta, the charm, and romance of old Spain opens the big show. It is a fairyland production in which hundreds of performers, horses and elephants take part.

Opportunity for Uplanders to attend the circus comes annually, one year the "white tops" appearing in Pomona, the other year in Ontario.

This year's production is described as the greatest show ever produced by the Al G. Barnes organization, having new stunts and a great array of wild animal performers.

Atwood residence on Laurel avenue for several years, will occupy the corner residence, the larger of the two. The other will be occupied by a daughter and her husband, Mr. and Mrs. Howard Paulin.

ORGAN SELECTIONS PLAYED AT THEATER

15-Minute Concert Presented at Studio Theater As Evening Prelude

Proving a popular feature of the Studio theater programs is the 15-minute organ recital starting at 6:45 p. m. Due to the fine quality of sound reproduction equipment in the theater, it is possible for the greatest organ recital records to be reproduced perfectly and many persons have marveled at the prelude offering.

Garey Carr, theater owner, obtains the recordings of popular and classical organ selections and the presentation of these form a fitting opening to the evening programs. Since the Studio theater was opened a week ago Thursday, hundreds of persons have enjoyed the 15-minute concert. On learning of the reproduction of the organ music, persons have gone earlier to enjoy the programs.

The cozy, de luxe atmosphere of the theater, the fine variety of features and special pictures on each evening's entertainment, is proving attractive, with many of the bills drawing near capacity crowds.

Tonight's program will see the presentation of Kate Smith in "Hello Everybody," the story being written by Fannie Hurst.

Will Rogers and a host of other stars will be here Sunday and Monday in "State Fair," a production of popular appeal. To enable persons to see this picture in the afternoon, a special matinee will be held Monday at 2 o'clock.

Announced as "bargain matinees," the regular program of pictures will be shown Tuesday and Thursday afternoons at 2.

Mr. and Mrs. Carr and family have moved to Upland and are located on Laurel avenue. Their residence and management of the theater are looked upon as an added asset for the community as indicated by the interest shown by local people in the Studio theater.

A new sound machine has been devised with the hope of luring mosquitoes to their death in swarms.

Woman's Clubs Enjoy Fine Program and Tea at Meeting

Abloom with many lovely spring flowers, the Upland Woman's club was the scene of a most delightful tvent Tuesday afternoon when the Upland and Ontario clubs held their annual joint meeting, featuring a colorful program and a charmingly served tea, the Upland club being hostess with the Ontario club responsible for the entertainment.

"Lovely Ladies of California" impersonated by beautifully costumed members of the Ontario club, were called forth from the state's historical past by Mrs. C. W. Young of Eagle Rock, an authority on the early history of California.

Declaring that it is good for any community or state to cherish its historical characters, Mrs Young prefaced her pageant of lovely ladies with interesting remarks on the history of the early days and particularly of the prominent families of those days of romance and adventure.

Nine of the historical characters were represented by the club women, each in her turn posing as a statue while Mrs. Young cleverly told interesting intimate details of the life of the character represented, and coming to life with the applause of the audience. While the unique pageant was in progress Mrs. Ralph M. Myers at the piano provided a softly blended musical background.

Appearing as Eulalia Fages, haughty wife of the fourth Mexican governor of California, Mrs. Henry Honaker opened the pageant. Mrs. Charles Steinberger posed as Concepcione Arguello, founder of the first convent in California and at one time fiancee of a Russian prince who was killed in Siberia; Mrs. C. W. Randall represented Encamacione Avila, first real lady of Los Angeles and noted for her good deeds; Mrs. Philip J. Reifel impersonated Guadaloupe Ortega, the "Pocahontas" of California who saved the life of an American prisoner that her father's honor might remain unstained; Mrs. Nella Ford represented Juliana de la Guerra, aristocrat of Santa Barbara; Mrs. Milton L. Chapman appeared as Josefa Carillo, the bride who created the first scandal in California; Mrs. Alexander Novak posed as Dolores Lugo, founder of California's first college, Loyola; Mrs. George N. Knox represented Ygnacia Bonifacio, General Sherman's Rose, and Mrs. Herbert S. Bailey impersonated Maria Pico, wife of the last of Mexican governors of California, through whose influence her husband removed the Mexican flag from their home and became a loyal American.

Preceding the pageant the Ontario club's chorus, directed by Mrs. Cordelia Story Hutchinson and charmingly attired in Colonial costumes, sang "Oriental," "Dreaming" and "Snow Legend." Two other numbers, "The Swan" and "Suwanne River," were sung by the chorus; Mrs. Fred Jacobs contributed two vocal solos and Mrs. Beth Townsend played a violin number. Mrs. George Cassell was accompanist for the chorus.

The delightful afternoon was concluded with the tea hour, the members of the Upland club's executive board, under the direction of Mrs. J. F. Sawyer, serving as hostesses and extending cordial hospitality to the guests. The floral decorations, arranged by Mrs. W. R. Farmer, were unusually attractive.

During the afternoon a delightful musical program was given by the mothers chorus of the council, the 50 or more singers being directed by Mrs. Ralph J. Wilson, with Mrs. W. B. Hutton, district music chairman, accompanying. Among the numbers given were "Melodies from the Sunny South," "Chinese Lullaby" and "Hark, Hark, the Lark." These are selections which the chorus is to sing at the state convention of the California Congress of Parents and Teachers, to be held in Long Beach in May.

Another enjoyable contribution to the program was a humorous reading, "The Summer Boarder," given by Mrs. John Scott of Etiwanda.

For a time during the afternoon a number of the guests enjoyed bridge playing.

RED CROSS PLANS THEATRE BENEFIT

Carey Carr of Studio Theatre Offers to Give Share to Earthquake Victims

Through the generous cooperation of Manager Carey Carr of the Studio theatre, the Red Cross earthquake relief fund is to share in the proceeds from the show on Friday night of next week, it was announced today by Mrs. R. C. Norton, chairman of the local chapter.

Because the quota alloted as Upland's part in the fund being raised by the Red Cross to aid the earthquake victims, still lacks much of being completed the executive board of the Upland chapter held a meeting yesterday to devise ways of securing the very necessary funds.

Besides making arrangements with Mr. Carr for the benefit show, for which Red Cross members will sell ticktes, the board decided to place receptacles in prominent places down town in which any who desire to contribute even the smallest sum may deposit their money. There probably are many who would like to aid but are unable to give more than small amounts, and the Red Cross board announces that because the need is so urgent, even the smallest sums will be welcomed.

Names of additional contributors listed up to Wednesday night are:

A. K. Rae, Leigh Thompson, J. F. Monroe, Mr. and Mrs. W. B. West, Mrs. Elizabeth Moore, Mrs. Una R. Winter, Mr. and Mrs R. O. Price, Mr. and Mrs. Ernest Olson, Salona club, O. H. Lomen, Mrs. Minnie Goodrich, N. T. Franklin, Mrs. M. H. Bordwell, Mrs. Floy B. Thompson, Rev. and Mrs. W. I. Doole, Mrs. Ada Galantine , Mr. and Mrs. Frank McKenna, Mrs. O. K. Granger, Mr. and Mrs. Wallace C. Taylor.

Mr. and Mrs. Niles Rohrig and family are now located in the residence on the property they recently purchased on Foothill boulevard, south of Fourteenth street.

Mr. and Mrs. F. E. Samuel of 988 San Bernardino road motored to Fullerton Sunday and from there continued to Agua Caliente on the Santa Fe. They spent the day in the Mexican city and witnessed the horse races.

Approximately 200 persons attended the presentation in the Upland junior high school last night of four plays. The casts of characters received much applause for their work and the entertainment was greatly enjoyed. Miss Margaret Crosby was the director, with the ninth grade and the Girls League the sponsoring organizations.

Mrs. Eva Alford returned Tuesday from a few days visit in Long Beach with her friends, Mrs. Julia Mathews and Mrs. Jones, who were her guests at her home here last week. She accompanied them home last Saturday. Mrs. Mathews resides in the Blackstone hotel and Mrs. Jones at the Stillman hotel, neither of which were damaged in the earthquake.

Dr. Bert Foster, pastor of St. Mark's Episcopal church, Upland, who is always in demand as a speaker, has been unusually busy in that way during Lent. Tuesday afternoon he spoke at Lenten services at the St. Paul Episcopal church in Pomona. On Monday Dr. Foster was called to Santa Monica to preach the funeral sermon of an old acquaintance.

W. B. Cavers was over to Oakmont Country club, near Glendale, Monday and Tuesday, competing in the semi-annual senior golf tournament, in which all members of clubs in this district who are 50 years of age or over are eligible to compete. Not being as fortunate as last year, when he won second honors in his class, Mr. Cavers landed in fifth position in this week's tournament.

MORE THAN $6,000 PAID AS INTEREST

Building, Loan Concern, Banks Give Depositors Money for Savings

More than $6,000 in interest was being sent today by the Magnolia Building and Loan association to its depositors in the district. In addition to this sum, a sizeable interest total was credited to other depositors in the association.

This interest sum represents the earnings on deposits for the first quarter of the year and is virtually the same total as paid in previous periods.

In addition to the building and loan, the local banks were also crediting interest on many savings accounts.

MUSICAL SERVICE ON EASTER SUNDAY

Joint Choirs of Upland and Ontario M. E. Churches Prepare Program

The combined choirs of the Methodist churches of Upland and Ontario are making plans to present an Easter musical service of unusual appeal when they sing a number of the most beautiful and inspiring selections from the two great cantatas, "The Story of the Cross," by Dudley Buck, and Stainer's "Daughter of Jairus."

The first cantata, "The Story of the Cross," will be followed in correct sequence up to the crucifixion, when the change will be made to selections from the "Daughter of Jairus" and the "Awakening" will be sung by the chorus, followed by the duet, "Love Divine," and the triumphant "Everlasting Praise."

This program will be presented in the Upland Methodist church as a vesper service at 4:30 in the afternoon of Easter Sunday and will be repeated at 7:30 that evening in the Ontario Methodist church.

There will be approximately 60 voices in the combined choir, and the soloists will include many of the best vocalists in the West End. J. Lynward Grahame, director of the Ontario choir, will direct the joint choirs in the Easter production.

These same choirs now have in rehearsal the cantata, "Queen Esther," by Bradbury, which will be presented some time after Easter under the direction of Mrs. Ralph J. Wilson, director of the Upland choir.

Miss Mattie Clark, who formerly resided at 307 First avenue, has changed her place of residence and is now located at 243 First avenue.

The store building at 120 First avenue is being repaired, a new front being erected. The structure was among the first business buildings in the city.

The fourteenth Parent-Teacher association was added to the Ontario Council Tuesday when a P.-T. A. was organized at the Upland junior high school with 20 charter members.

Mrs. C. L. Cochran of Ontario, president of the Ontario Council, was largely instrumental in the organization of the new association and presided as temporary chairman Tuesday when she conducted an election of officers. Mrs. Chas. V. Benson, second vice-president of the council, served as temporary secretary.

Mrs. Thomas H. Settle was selected as president, the other elective officers named being J. H. Paulin, vice-president; Mrs. Chas. V. Benson, secretary; Mrs. F. L. Warburton, treasurer, and Mrs. Alfred R. Kipp, historian.

Mrs. Hjalmar Anderson was chairman of the committee arranging for the organization meeting and also served as chairman of the nominating committee, the other members of that committee being Mrs. Owen Atwood and Harold W. Cook.

Preceding the business meeting, the junior high orchestra, directed by Fred Wilding, played three numbers.

Mrs. Settle announced the appointment of several committees as follows:

Hospitality — Miss Margaret Crosby, chairman; Mrs. E. C. Rosenberger and Mrs. E. C. Mehl.

Program—Mrs. R. V. Ward, chairman; Mrs. Owen Atwood and Miss Bernice Colton.

Finance—Mrs. D. R. Kilbourne and Mrs. Roy Karr.

Third Tuesday in each month was selected as the regular time of meeting for the new association and at the next meeting on April 18, the officers will be installed.

The 25 or 30 parents and teachers attending the meeting Tuesday were deeply interested in the work and were enthusiastic over the prospects for a most successful organization.

CHURCHES OF CHRIST, SCIENTIST

"Unreality" is the subject of the lesson-sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.
The lesson-sermon presents various Scriptural selections and includes these words of James: "Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth He any man: but every man is tempted, when he is drawn away of his own lust, and enticed . . . Every good gift and every perfect gift is from above, and cometh down from the Father of Lights, with whom is no variableness, neither shadow of turning. Of His own will begat He us with the word of truth, that we should be a kind of first fruits of His creatures. . . . Wherefore lay apart all filthiness and superfluity of naughtiness, and receive with meekness the engrafted word, which is able to save your souls."
One of the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes the statements: "God, Spirit, alone created all, and called it good. Therefore evil, being contrary to good, is unreal, and cannot be the product of God. . . . Only those who repent of sin and forsake the unreal can fully understand the unreality of evil."

"Light Up for Safety"
—Police Advise

"When you go out for the evening pull down the shades and leave lights burning in different parts of the house. Turn on outside lights. Close garage doors." This is advice of police departments everywhere.

Plenty of light may not be an absolute guarantee against house breaking but it is one of the best kinds of protection you can have. Burglars prefer the dark. Light up inside and outside when away or when home alone with the children. It's the cheapest protection you can buy . . . a few cents for light may save you a serious loss.

TRACK, BASEBALL TEAMS ARE BUSY

Chaffey Stars Meeting Many Contenders in Week With Game on Today

Track and baseball men at Chaffey high school and junior college are today in the midst of a fast program. Chaffey Tigers were meeting San Bernardino high school track team on the local field this afternoon while the high school baseball nine went to the county seat for an engagement.

Playing four baseball games this week, the Panthers will meet Santa Monica jaysee in a diamond duel here tomorrow. All the games in the jaysee list being played now are practice melees, with the regular Orange conference league to start a week from tomorrow. The high school track meet was also a practice duel with the baseball conflict being a regular scheduled C. B. L. game.

W. H. "Pop" Kegley, and Ernie Payne are the high school track and baseball coaches with Burt Heiser sending his Panther baseball nine through a fast schedule of games.

Next month is the big period for the high school track team, with the Chaffey invitation meet then and the C. B. L. meet not far off. The Tigers' defeat by Riverside last week sent a shock through the local stars and the meet today was considered a tough one, with the visitors given a good chance to win.

Six Uplanders Get Chaffey Hoop Awards

Three Uplanders received their Chaffey athletic letters for participating in varsity basketball and three received letters for sophomore basketball competition, in presentations this week.

10 SCOUTS WILL GO TO DEATH VALLEY

Winners of Troop No. 1 Contest Named for Trip During Vacation

Ten Boy Scouts of Upland troop No. 1 will make a trip to Death Valley during the spring vacation as the result of winning enough points in a troop contest since last fall. The contest, conducted under the leadership of Harold J. Stickney, scoutmaster, ended Monday night.

The boys entitled to make the trip are Shirley Callaway, Virgil Bryant, George Foote, James Settle, Wayne Jenison, Fred Merha, Elmo Flake, William Bailey, Martin Davis and Landon Bailey. The eight next highest in the contest will be taken on a shorter trip later in the season as the result of their efforts in seeking to build up points.

Points were given for various features, such as attendance at scout meetings, passing of scout tests, payment of dues, church attendance and general attitude toward the scout program.

Dave Meek in Upland Prior to Track Meet

Dave Meek arrived in Upland yesterday afternoon for a short visit prior to returning to the University of California campus. He is in the southland with the Bear track team and will compete in Los Angeles tomorrow in the dual meet between the Bears and the Trojans. He will return to Berkeley Sunday night. Spring vacation began in the north yesterday, thus making it possoble for Meek to get a glimpse of his home folks.

He is entered in the shot put and high jump tomorrow afternoon and his performance will be followed with interest by many here and throughout the state.

This summer, Dave will be employed in Yosemite park, he said.

Spring football practice is under way at Berkeley, but the Uplander is missing out on that due to his presence on the track field.

"After May 5—that's when school closes—there will be football practice. We will have to practice twice a day and believe me we will get plenty of it then," the athlete, who only two years ago was a Chaffey star, said.

He was an end on the California eleven last fall.

The big idea is to keep the job as interesting after a lapse of years as it was at the beginning.

A man is as old as he feels and a woman isn't as old as other women say she is.

UPLANDER'S COMEDY WILL BE FEATURED

"Hickory Dickery Dock" Is Name of Robert Stump's Production for Chaffey

Around the musical comedy, "Hickory Dickory Dock," written by Robert Stump of Upland, Chaffey students are today centering their interest. The production is planned as one of the most unusual presented in recent years. This, the second of Mr. Stump's creations of this school year, is a musical comedy mystery play. It will be presented May 5 and 6.

Well in advance of these dates extensive preparations are being made. In Act I, there will be the setting of old California boom days with a mansion built in the Colonial style. In Act II will be an elaborate patio scene in a California university sorority house with a balcony, an orchestra on the stage and lighting effects of the latest type.

Carnival Tonight

The Chaffey gymnasium will be turned into a carnival tonight. The Junior college students will have side shows, fortune tellers, hot dog stands and fun houses, all ruled over by a beautiful carnival queen. A stage will be the scene of vaudeville acts and throughout the evening there will be lots of excitement at this or that stand and a general carnival atmosphere will prevail.

760 Annuals Sold

Junior college students have ordered 760 copies ot their annual, The Argus. This number means that almost every student in the school ordered the year book, the total being 122 more than last year.

He Admits It

An elderly man became somewhat worried about himself and went to see a doctor. The doctor listened and smiled.

"My dear sir," he said, "this little habit of talking to yourself is not anything to worry about."

"Isn't it?" said the patient indignantly. "You don't know what a darned bore I am!"—Tit-Bits.

Too Much for Him

Doctor: You're no better? Did you drink hot water an hour before every meal as I told you?

Patient: Well, I did my best, doctor, but I had to give it up after about ten minutes.—Deutsche Illustrierte.

CHAFFEY COMMUNITY GIRLS ORGANIZATIONS

Y. W. C. A. Program

"Easter" was the theme of the Chaffey junior college Y. W. C. A. meeting in the Presbyterian church Wednesday night. Meeting for dinner in the church basement and a program and later going to the church auditorium for an Easter vesper service, the members and guests had an enjoyable evening.

Mrs. Hirschel Griffin, wife of the Ontario Baptist pastor, spoke on "Easter in Other Lands" at the dinner meeting, with Easter songs being sung.

Beautiful decorations created a very impressive atmosphere for the vesper program, which included solos by Nellie Paxson, Manuela Huerta, Elizabeth Wright and Dorothy Hurley, a selection by a trio composed of Helen Delphey, Manuela Huerta and Alicia Espinoza. A violin solo was presented by Margo McCarty, being accompanied by Corrine Masterson. Wanda Newell gave a reading and Phyllis Moore played several organ selections.

Camp Fire Entertains

The girls of Nissaki Camp Fire gave a tea for their mothers Saturday afternoon at the club house on Third avenue. Excellent refreshments, prepared by the girls, were served and for entertainment the girls gave two playlets. As an indication of the interest the mothers are taking in the work of their daughters, the meeting was attended by 12 girls and 11 mothers.

Scouts Enjoy Hike

Miss Ethel McCorkindale and Miss Marian Dowden captain and lieutenant, accompanied by 15 girls of Girl Scout troop No. 20 of Central school, Ontario, made an all-day hike last Saturday to the girls cabin in Barrett canyon. While in the mountains Miss McCorkindale helped the girls in nature study.

Etiwanda Girl Scout troop No. 21 is working to earn many different badges. At a recent meeting of the troop Miss Ruth Randall, general secretary, and Miss Ruth Harms, both of Upland, were present and showed the girls who are working for first class badges, how to make pin maps. The girls find they are very interesting to make. This troop has two new Scouts, Sarah Guidera and Genevieve Lopez. Eight girls of the troop have practically completed their second class work, having only signaling to do.

Visit Wistaria Fete

Ten girls of Upland troop No. 10, Miss Florence Tarleton leader, went to Sierra Madre Wednesday to see the big wistaria vine. It was almost in full bloom and the trip was greatly enjoyed by the Scouts. The trip was made through the courtesy of Mrs. R. G. Manley and the troop leader, Miss Tarleton.

A number of members gathered Thursday at the home of the president, Mrs. Fred Owings, for a day of sewing, and a second "sewing bee" was held there today.

Under the direction of their teachers, the pupils are rehearsing faithfully for the operettta and a successful presentation is expected.

As the entertainment for the meeting, pupils of the school will present a Dutch dance and a Dutch song from an operetta the school is preparing to give on Friday, April 7.

An important business item to come before the meeting will be the report of the nominating committee, which includes Mrs. Mary Minor, chairman; Mrs. Clifford Beekman and Mrs. L. J. Thomas.

Miss Frances Toensing, who for some time has held a position as bookkeeper for a firm in San Francisco, has returned to the home of her parents, Mr. and Mrs. Fred J. Toensing, 510 Carnelian avenue, and expects to spend the summer vacation with them.

Miss Ruth Randall of Upland, general secretary of the Chaffey Community Girls Organizations, visited the Central school Monday and conferred with the teachers and the Girl Scouts in the school. She also presented Girl Scout pins to Louise Thomas and Frieda Hoppe.

Mrs. L. J. Thomas, as general chairman in charge of arrangements for the silver tea given on Wednesday by Ontario council, P.-T. A. at the home of Mrs. Minnie Emmons in Ontario, was accompanied to the gathering by Mrs. E. E. Salyer, Mrs. Fred Owings, Mrs. Bell Wainwright, Mrs. Severen Johnson, all members of the Cucamonga Central P.-T. A., and Miss Frances Toensing, who recently returned from San Francisco.

Week's Vacation To Start April 8

Only one more week of school remains before the start of the annual spring vacation. When classes end next Friday, students throughout the Chaffey district will not return to school until April 17.

This vacation will give the students an opportunity to rest up for the final weeks of the school term. During the vacation various organizations are planning trips with many of the Boy Scouts in the district scheduled to participate in various events.
